

**Women's and Children's Hospital
Division of Mental Health (DMH)**

**Expression of Interest in Student Research in DMH
To be submitted to Professional Discipline Chief**

- 1. Title of Proposed Study:**
- 2. Name and contact details of Principal Student Investigator:**
- 3. Name(s) and contact details of Supervisor(s):**
- 4. Name of Institution:**
- 5. Describe the aims and give a brief summary of the proposed study:**

- 6. Outline the Proposed Study Design**
(eg group intervention, interviews, surveys, consumer feedback, use of existing research data etc.)

- 7. Which Division of Mental Health (DMH) Units/staff will be involved in the study?**

- 8. What supports will be required from DMH?**
(e.g. including anticipated staff time commitments, rooms, materials required etc)

- 9. Outline the inclusion/exclusion criteria for involvement of subjects:**

(e.g. age, mental health issues)

10. Proposed Client Involvement/ Intervention with subjects:
(e.g. what subjects will be asked to do, how much time will be required to complete questionnaires, attend interviews, etc)

11. Describe any anticipated discomfort or distress subjects or their families may experience as a result of participation in study and the proposed monitoring process for adverse events:

12. How many subjects are required for the study?

13. How will informed consent be obtained from guardians or subjects?

14. How will privacy and confidentiality issues be addressed?

15. Describe the anticipated benefit/impact the study will have on subjects:

16. Describe any anticipated 'Intellectual Property' issues arising from the proposed study:

17. What are the proposed time lines for the study?

Signature of Student Investigator: _____
